NOTES

This map is for use in administering the National Flood Insurance Program. It does not constitute a warranty of any kind, particularly with regard to flood hazard areas. The community may request a detailed study of a specific area for insurance purposes.

Certain areas not in Special Flood Hazard Areas may be protected by flood control structures.

Boundaries of the floodway areas compiled at construction and interpreted subsequent to construction. The boundaries with Special Flood Hazard Zones are subject to requirements of the Federal Emergency Management Agency. Boundaries with other areas may be subject to other requirements. Floodway widths are provided in the Flood Insurance Study Report.

Elevation reference marks are described in the Flood Insurance Study Report. For adjusting map points see separate prime map notes.
